

# Mobile Banking Text Alert Activation

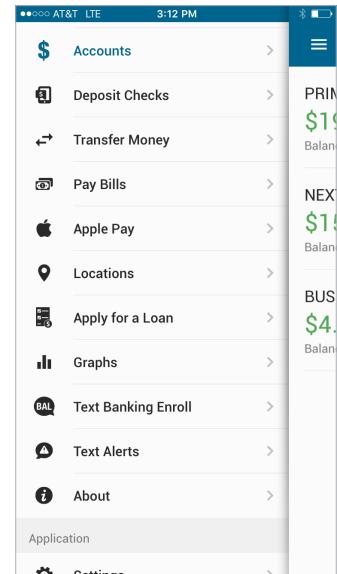

## Step 1

Launch the app and sign in.

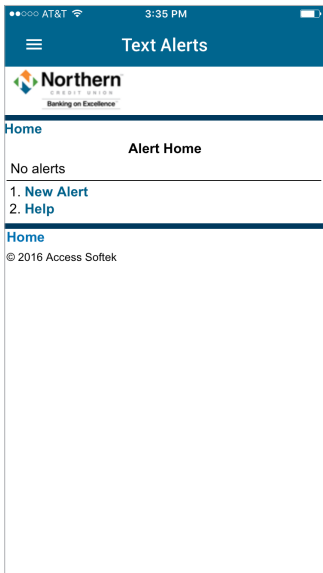

## Step 2

From the account screen click on the side menu in the top left hand corner to get to the main menu.

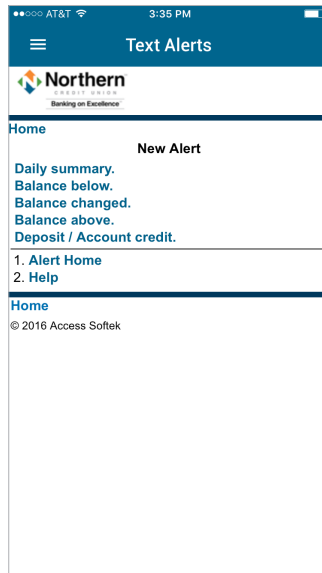

## Step 3

Click on "Text Alerts"

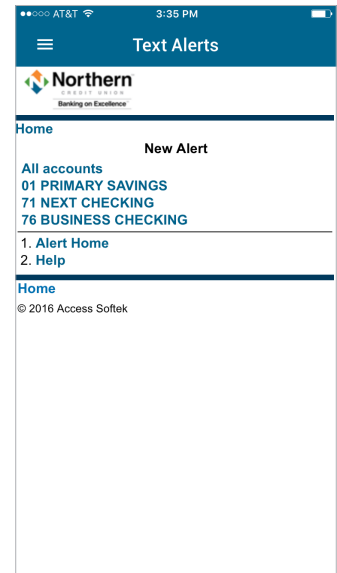

## Step 4

Click on "New Alert"

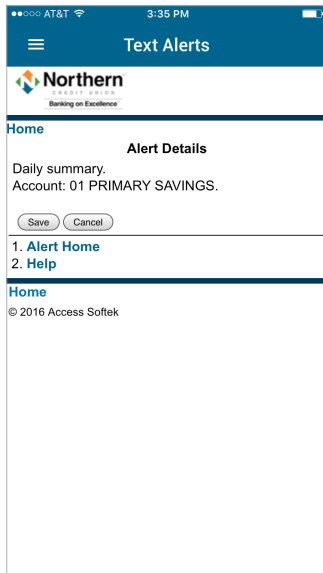

## Step 5

Click on the alert you would like to add.

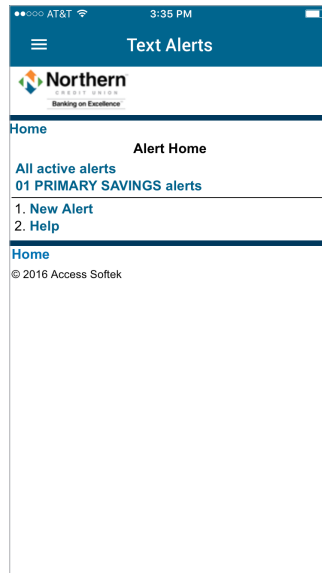

## Step 6

Select the share you would like added for the alert.

## Step 7

Click on "Save."

## Done

You will then be taken back to the home screen and see your newly added alert. Click "New Alert" to add another share to the alert or to add a new alert.
